Hi Everyone,

I've made edits to the document, based on OGC's comments. There are a few places that need input.

Faruque, there's one comment for you (vapor) section. Please address.

Ed, please look at the comments/edits in the "Risk Determination and Endangered Species Assessment" section that starts on page 10. I've flagged the areas that you need to address.

If both of you could have edits back to me by 11:00 am on Monday, that would be perfect.

Thank you!!!!

Meghan
